Description of Change: The top-metal material change from Ni-Au to Ni-Pd-Au for SIZ998DT-T1-GE3.

Classification of Change: Process consolidation and increasing assembly process window.

Expected Influence on Quality/Reliability/Performance: This change of the top-metal will not affect the fit, form, and functions of the device.

Part Numbers/Series/Families Affected: SIZ998DT-T1-GE3

Vishay Brand(S): Vishay Siliconix

Time Schedule:

Start Shipment Date: Fri May 12, 2023

Sample Availability: Please contact your regional Vishay Sales office for sample availability.

Product Identification: No change on the part number, ordering info, and date-code format.

Qualification Data: Please contact your regional Vishay Sales office for the availability upon the completion of qualification testings.

This PCN is considered approved, without further notification, unless we receive specific customer concerns before Wed May 10, 2023 or as specified by contract.

Issued By: Andrew Tsai, andrew.tsai@vishay.com
